

The 13th International Conference on Information Security and Cryptology (INSCRYPT 2017)

October 27-29, 2017, Xi'an, China

Call For Papers

The 13th China International Conference on Information Security and Cryptology (<http://meeting.xidian.edu.cn/conference/inscrypt2017/index.htm>) will be held in Xi'an, Shaanxi, from October 27 to 29, 2017, co-organized by the State Key Laboratory of Integrated Services Networks (ISN) of Xidian University, the State Key Laboratory of Information Security (SKLOIS) of the Institute of Information Engineering of Chinese Academy of Science and the Chinese Association for Cryptologic Research (CACR). It is an annual conference targeting the top research results in the related area. Topics of interest encompass research advances in ALL areas of information security, cryptology, and their applications. Inscrypt 2017 seeks high-quality research contributions in the form of well-developed papers, and two successive tracks for crypto and security respectively will be organized. The conference proceedings will be published by Springer-Verlag in LNCS series.

Authors are invited to submit full papers presenting new research results related to cryptology, information security and their applications for either crypto track or security track. All submissions must describe original research that is not published or currently under review by another conference or journal. Areas of interest include, but are not limited to:

* Crypto Track:

- Foundations of Cryptography
- Provable Security
- Secure Multiparty Computation
- Symmetric Key Cryptosystems
- Public Key Cryptosystems
- Implementation of Cryptosystems
- Hash Functions and MACs
- Block Cipher Modes of Operation
- Security Protocols and Their Analysis
- Key Management and Key Recovery
- Information Hiding and Watermarking
- Secure Computation Outsourcing
- Functional Computation and Verifiable Computation
- Obfuscation
- Leakage Resilient Cryptography

* Security Track:

- Security Modeling and Architectures
- Intellectual Property Protection
- Mobile System Security
- Operating System Security
- Risk Evaluation and Security Certification
- Prevention and Detection of Malicious Codes
- Privacy Enhancing Technologies
- Genomic Privacy and SDN Security
- Big Data and Cloud Security
- Access Control
- Authentication and Authorization
- Biometric Security.
- Distributed System Security
- Electronic Commerce Security
- Intrusion Detection
- Network Security

Important Dates

Paper Submission Due: August 1, 2017

Authors Notification: September 15, 2017

Camera ready due: September 29, 2017

Conference Dates: October 27-29, 2017

Submission Guidelines

Submitted papers must not substantially overlap with papers that have been published or that are simultaneously submitted to a journal or a conference with proceedings. Submissions should be at most 20 pages (*.pdf) including the bibliography and appendices with LNCS template. Submissions must be made to the submission website at:

<https://easychair.org/conferences/?conf=inscrypt2017>

Papers will be selected based on their originality, timeliness, significance, relevance, and clarity of presentation. Submission of a paper should be regarded as a commitment that, should the paper be accepted, at least one of the authors will register and attend the conference to present the work.

Honorary Chairs

Xinbo Gao, Xidian University, China

Dongdai Lin, Institute of Information Engineering, CAS, China

General Chairs

Hui Li, Xidian University, China

Jianfeng Ma, Xidian University, China

Technical Program Chairs

Xiaofeng Chen, Xidian University, China

Moti Yung, Snapchat Inc. & Columbia University, USA

Organizing Chairs

Xinghua Li, Xidian University, China

Bin Song, Xidian University, China

Publicity Chairs

Xinyi Huang, Fujian Normal University, China

Sheng Wen, Deakin University, Australia

NATIONAL PROJECT FOR MOBILE INTERNET SECURITY
